# Hansi K. Radhakrishnan

Nürnberg, Germany | +49 1520 3866703 | hansi.radhakrishnan@fau.de | Nationality: Sri Lankan
**LinkedIn**: linkedin.com/in/hansi-radhakrishnan
**ResearchGate:** researchgate.net/profile/Hansi-Radhakrishnan

## Profile

Former IT Business Analyst and current postgraduate student pursuing an M.Sc. in International Information Systems to transition from industry practice towards more rigorous, research-informed work in solution design and digital transformation. Brings four years of experience designing FinTech and banking solutions across five countries, including AI/ML-enabled features such as automated document verification and rule-based credit scoring. Broader research interests lie at the intersection of human-computer interaction (HCI) and corporate digital transformation, with attention to how organizations design and adopt technology in line with sustainability goals.

## Education

**M.Sc. International Information Systems (IIS)** *10/2026 – present*
Friedrich-Alexander-Universität Erlangen-Nürnberg (FAU) | Germany
Interdisciplinary program combining Information Systems, Informatics and International Business Management.
*Intended specialization: Digital Business*

**Bachelor of Information and Communication Technology (BICT) Honours** *02/2019 – 10/2023*
University of Kelaniya | Sri Lanka
**First Class Honours | GPA 3.94 / 4.00 | German grade equivalent 1,1**
*Specialization: Software Systems Technology*
*Gold Medalist for the Best Academic Performance in the Cohort*

**Higher National Diploma in English (part-time)** *05/2018 – 05/2021*
Sri Lanka Institute of Advanced Technological Education (SLIATE), Kandy | Sri Lanka
**Distinction | GPA 3.90 / 4.00 | German grade equivalent 1,2**
*Focus: Professional writing, communication, linguistics*

**Certificate in Quantitative Data Analysis** *09/2024 – 12/2024*
University of Sri Jayewardenepura | Sri Lanka
*Focus: SPSS, inferential statistics, regression, survey design*

## Core Competencies

| | |
|---|---|
| **Business Analysis:** | Requirements elicitation, AS-IS / TO-BE process mapping, gap and impact analysis, business and functional requirements specifications, user stories with acceptance criteria, user acceptance testing (UAT) |
| **Process & Design:** | BPMN and UML modelling, wireframing and prototyping, workshop facilitation, stakeholder management, change management, end-user training |
| **Tools:** | Jira, Notion, Figma, Lucidchart, Draw.io, MS Office, Claude, Gemini |
| **Delivery:** | Agile / Scrum, product roadmap and backlog management, proof-of-concept delivery |
| **Languages:** | Sinhala (native), English (C1, IELTS 8.0), German (A1, learning), Hindi and Korean (conversational) |

## Professional Experience

**Epic Lanka (Pvt) Ltd.** | *Colombo, Sri Lanka* **10/2023 – 08/2026**

**Business Analyst** | *Full-time*

» Owned requirements elicitation, workshop facilitation and functional specification across **six FinTech products** for **10+ clients** in Sri Lanka and abroad.

» Led requirements sessions with financial institutions in **Sri Lanka, the Maldives, Malaysia, Bangladesh and South Africa**, adapting solutions to differing regulations and digital adoption patterns.

» Investigated AI/ML approaches for **liveness detection, identity validation and fraud detection** by reviewing research papers, industry white papers and competitor solutions before design.

» Redesigned a financial inclusion platform with configurable UI controls, granular access control and accessibility-first principles where the redesigned product won **Asia Pacific ICT Alliance Awards (APICTA) 2025 Gold** and Sri Lanka's **National Best Quality Software Awards (NBQSA) 2025 National Overall Silver**.

» Supported payment card security certification (PCI DSS) and external security audits by translating cryptographic and key-management specifications into **audit-ready compliance documentation**.

» Maintained product roadmaps using insights from **15+ client deployments**.

**Epic Lanka (Pvt) Ltd.** | *Colombo, Sri Lanka* **02/2023 – 10/2023**

**Associate Business Analyst** | *Full-time*

» Mapped **multi-agency workflows** across government bodies and defined business rules for **ML-driven document verification** in a national single-window platform for a government investment authority.

» Facilitated feature identification and prioritization sessions with cross-functional teams and an international vendor, and built low-fidelity kiosk prototypes for a national tourism information platform.

» Analyzed banking and e-government markets in Sri Lanka and Malaysia to find friction points in workflow digitization.

**Epic Lanka (Pvt) Ltd.** | *Colombo, Sri Lanka* **08/2022 – 02/2023**

**Intern Business Analyst** | *Full-time*

» Analyzed requirements and designed a **rule-based credit scoring module** automating risk assessment and compliance screening in a KYC solution.

» Contributed to the design and functional testing of an **ML-based document authenticity check** that reduced manual work in KYC processing.

» Delivered **10+ client presentations and training sessions**, explaining technical workflows to non-technical audiences.

## Research Experience

**5th International Research Symposium (EDIRS 2025), University of Colombo** *11/2025*
Extended abstract, first author and presenter
*"A Comprehensive Evaluation of a Formal Peer Tutoring and Support Centre in Sri Lankan Higher Education: An Impact Analysis"*

**Research Conference on Scholarship of Teaching and Learning (RCSoTL 2025), University of Kelaniya** *06/2025*
Abstract, first author and presenter
*"Impact of Peer Tutoring and Supporting Centre Implementation at Sri Lankan Universities – A Case Study"*

**Intl. Conference on Advances in Technology and Computing (ICATC 2023), University of Kelaniya** *12/2023*
Conference paper, first author and presenter
*"Use of a ChatBot-Based Advising System for the Higher-Education System"*
